

The diagram shows a complex, multi-lobed shape, possibly representing a stylized letter or a biological structure. The shape is divided into two main color regions: a blue upper half and an orange lower half. The blue region has several arrows pointing outwards from its top and bottom edges. The orange region has a single arrow pointing outwards from its bottom edge. A legend in the bottom right corner indicates that the blue color represents 'one' and the orange color represents 'two'.
