Key words International Tax and Public Finance, BibTeX, LaTeX

JEL classification A1, B2, C3

3.3 List of References

Note: The Bib_TE_X style `iptax.bst` does not follow exactly the “Sample References” in the “Instructions for Authors”, but follows the lists of references in published articles (although the formatting slightly differs between articles).

4 Quotation Marks

The journal “International Tax and Public Finance” requires double quotes. You can get pretty (typographically correct) quotation marks by adding the commands `\usepackage{csquotes}` and `\MakeOuterQuote{"}` in your preamble and use the " sign for quotation marks in your text.

Notes

1. Footnotes are automatically converted to endnotes.
